All Watershed Riders will have free access to turn-by-turn navigation using the **Ride with GPS** mobile app.

Please take a moment to [download the app](#) and create your free account before you arrive on the morning of the Ride.

Use [this link to RSVP to the Watershed Ride](#) event and gain access to the route. The course is clearly marked and staffed with volunteers throughout, but should you make a wrong turn, the app will guide you back to the route.

We will have QR Codes available to scan and download the route the morning of the Ride, but please be advised that cell service may be limited at your start line. We will have outlets to charge your phone at the Red Brick Farm lunch stop, so bring your charger if you'd like!

Ride Gear

All riders are required to wear a helmet on the route. In addition, we recommend bringing the following equipment:

- Foul weather gear (for unpredictable weather situations)
- Warm, dry clothes to change into at the finish line
- Identification and your health insurance card
- Cell phone
